

Our team at IHCP is looking for a great Engineer who is excited about working on a great project; the opening of a dual branded property in The Hague! Dual branded?! How that works? Well... Two different types of hotels in one building - all part of the biggest hospitality company in the world; Marriott International! This exciting new hotel with 311 rooms is currently built in the iconic Muzentoren in the city center of The Hague. The two brands that will be represented in this building are Moxy and Residence INN. We are opening in August of 2022 and are NOW looking for our first team members to come aboard!

Brands

Moxy is all about guests enjoying a free-spirited Instagram worthy place where our guests can have a drink in our bar or play a game in our playful environment. A great way of meeting new people and enjoying life at best! Self-service is the best service but don't worry, bar is always open and 'the crew' is always on duty to serve! Residence INN by Marriott is an extended stay brand whereby our guests stay for longer periods of time. It is up to us to make them feel at home with our family of associates! Although their room has all the facilities they need for a longer stay, our associates are always there to help and assist guests in our Residence inn Lounge - the public living and working space. This is also where our Residence INN guests can enjoy their breakfast or a cocktail or have a chat with whoever they meet!

The job

We are looking for an engineer who would like to experience the transformation of concrete walls and some windows into a 311-room hotel! As the Engineer you will be involved in the renovation project as it is now as well as preparing everything to open the hotel in August of 2022. You make sure that you know everything about the building and are ready to assist in transferring the building side to an operational hotel. Slowly you will see things put in place and by the end of the renovation you will be ready to assist our guests in every technical way possible.

In short your job will mainly be evolved around:

- Responding to guest repair requests
- Performing preventive maintenance on tools and equipment
- Performing repairs on interior and exterior
- Maintaining (fire) safety in our hotel
- Being in contact with external companies in regards to the annual maintenance of machines and installations
- Sharing your knowledge about safety and security with your colleagues
- Advising guests about the local hotspots and highlights

What can we expect from each other?

You...

- Are excited about cooperating on a new project in the beautiful city of The Hague
- Can communicate in Dutch and English
- Have previous maintenance experience
- Are able to work independently
- Have experience with plumbing and electricity
- Have a passion for hospitality

We...

- Offer you a great place to work in a completely new and diverse team!
- Offer a second family with a work hard, play hard kind of mentality
- Offer a work environment where learning & development are a priority (On & Off the job trainings will be provided regularly)
- Have a special Associate Discount Rate in all Marriott Hotels worldwide
- Competitive salary according to the Horeca CAO

Sounds interesting? Apply now! Send your resume & motivation letter to sanne.lindeman@ihcp.com !
